HOC SIGNO FORTUNA.

BALTIMORE, FRIDAY, October 18, 1822.

**Astonishing great Luck!**

Our anticipations are realized, and a distant adventurer is the possessor of the great prize of THIRTY THOUSAND DOLLARS, drawn yesterday afternoon in the MONUMENT LOTTERY. It was awarded to 17975, agreeably to the scheme, that being the first Number. We have pleasure in stating that the fortunate owner resides in *Alexandria*, and that he purchased the lucky ticket at COHEN'S OFFICE, while in this city last winter. We shall announce his name for the information of the public, as soon as we receive his permission, in conformity with our invariable rule;—in the mean time we will remark, that this investment was made in January last, at a very early period after the scheme was published, and this circumstance in addition to the many heretofore, should prompt adventurers to send on their orders for State tickets as soon as possible, more especially in the State lottery, because it offers to early adventurers, superior advantages, from its arrangement, as only the prizes are to be drawn, thereby securing investments free from any possible risk, until every prize in the scheme is actually drawn. We shall, as usual, pay every attention to orders, either for whole tickets or shares.

The drawing of the Monument Lottery, will be continued on Wednesday next, when in order speedily to complete the scheme, at least 800 Nos. will be drawn, agreeably to notice heretofore given.

**Holdings of Small Prizes**

In the Monument Lottery, are requested to forward their tickets per mail or by private conveyance, to COHEN'S OFFICE, when the amount, in CASH, will be immediately remitted, or will be invested in the popular scheme of the STATE LOTTERY, according to directions. This brilliant scheme will soon commence drawing. The day will be announced in the course of a week or two. Tickets are yet at the low rate of NINE DOLLARS.

**Important to Adventurers.**

The drawings of the STATE LOTTERY will be conducted under the superintendence of the Commissioners appointed by the Governor and Council. An account of all the Numbers of each day, will be regularly published in the Register for the information of all those who purchase their tickets from COHEN'S OFFICE, and to whom the Register will be forwarded, gratis, during the lottery.

**The very great Success**

which attended the investments of adventurers at COHEN'S OFFICE in the last State Lottery, we anticipate will be continued in the new scheme. The prizes in it, are extremely brilliant, taking into view the small number of tickets and their low rate. The popularity of the scheme has already been tested, and the orders which are now coming in by every mail, shews the encreasing disposition of the public towards its arrangement. There are no stationary prizes—the whole to be floating at defined periods; and besides the greater prizes, there are no less than FIVE THOUSAND PRIZES OF TEN DOLLARS EACH, which gives the adventurer a considerable chance for a return of, at least a part, of his investment. Orders will be promptly attended to, addressed as heretofore to

J. I. COHEN, Jr., Baltimore.

**DOMESTICATED RATTLESNAKES**—One of the most curious sights we have ever witnessed is that now exhibiting at the corner of Market-street and St. Paul's Lane, in this city. Upon entering the room the spectator beholds upon a table, a male and female rattlesnake, two wampum snakes and a black snake, moving about with all the activity and life which are displayed in their wild state. By dint of perseverance they have been effectually tamed, and permit their keeper to handle and twist them in any way he pleases. Although the mind gradually loses the fear which more or less pervades it upon the first approach to these deadly reptiles, it cannot divest itself of the horror and disgust attending the knowledge that the rattlesnake which twines itself round the neck of the exhibitor, possesses the full enjoyment of its poisonous faculties, and that a single bite is capable of producing rapid and certain death. By introducing his fingers into the mouths of the snakes, Mr. Neal (the proprietor) enables the spectator to examine their venomous fangs, and also the manner in which the poison is communicated. Upon the whole this exhibition is of a very rare and unusual character.—*American*.

**ILLEGAL VOTING.***The State of Maryland vs. Thomas Abbot.*

This was an action before a Justice of the Peace, to recover the penalty of \$20 imposed by the 25th section of the Act to regulate elections, on any person who shall offer to vote in any district or county, other than that in which he resides. It was alleged, that the defendant, being a resident of Talbot county, had voted on the seventh instant, in the eighth ward of the city of Baltimore. The voting was admitted, but, on the part of the defendant, it was contended, that he was the owner and master of a schooner lying at Light-street wharf, within the eighth ward, that his constant occupation was trading in that vessel between Baltimore and Oxford, in Talbot county, and although his vessel hailed from Oxford, yet being a single man, without a family, he was entitled to vote in the district where his vessel (which he considered his home) was on the day of election.

Judgment was given against the defendant, from which he prayed an appeal to the county court.

*Fed. Gaz.***BANK OF THE UNITED STATES.**

At a meeting of the Stockholders on the 3d inst. a report was made on the condition of the Bank, agreeably to a resolution of the Stockholders at a meeting held on the 2d September.—The committee refer to the luminous exposition of the President, appended to the report, which is too long for us to copy. The committee state that the "suspended debts" of the bank amount to \$10,418,306; and that the loss to the bank upon this debt, together with over drafts, counterfeit checks, and from all other sources cannot exceed \$3,743,899. A fund, it is stated, more than sufficient to cover this loss, has been derived from previous profits of the Bank, and set apart for that purpose, besides a surplus of 971,425, from a balance which stood to the credit of Profit and Loss account, on the 1st of July last and from interest accrued.—The Committee then go on to say,

"The preceding facts with the following analysis, will render the conviction irresistible, that the Bank of the United States has arrived to that point when its capital may be declared to be sound and entire, while it possesses contingent interests of nearly one million of dollars to be applied to such objects as the future administrators of its affairs may deem advisable."

Then follows a statement shewing the present state of the funds of the Bank. It appears from this that the Bank owns with other property, 37,954 shares of its own stock, which are said to be worth 4 per cent. advance. The amount of notes in circulation, is about five and a half millions. The total amount of the funds of the Bank are \$53,504,196 99, which are distributed as follows:

In the U. States 5 per cent. Stock,	\$11,000,000 00
United States 6 per cent. Stock,	- 2,020,469 27

Specie in United States Bank and Branches,	- 3,346,434 22
	<b>\$53,504,196 99</b>

The committee refer to the past history of the Bank, and recommend that the President and Directors present to Congress a respectful Memorial, praying—1st, The enactment of efficacious laws, that adequate punishments may be inflicted upon such Agents of the Bank as may be guilty of malversation in office. 2dly, That they ask an alteration in that part of the Charter which requires that all the notes of the Bank which are payable on demand shall be received in payment of debts due to the Government, inasmuch as this requisition as heretofore construed, has not only the tendency to prevent the Bank from restoring to some sections of the country a sound circulating medium, but it may occur that the Bank cannot safely place to the credit of the Government, in cash, notes at one office, which, according to the contract on the face of them, are payable at a different and distant office alone, and where only funds have been placed for their redemption.

The branches which are found to be unprofitable, are recommended to be withdrawn.

**Latest News from Europe.**

The regular packet ship, James Cropper, arrived at New-York on Sunday last, in 26 days from Liverpool, bringing papers of that city to the 16th September, and London to the evening of the 14th.

The new arrangements of the British Cabinet were completed and Mr. Canning has been appointed, and has accepted the seals of the Foreign Office as the successor of Lord Castlereagh.

The Cotton Market at Liverpool had improved in prices, and large sales were effected during the week, ending the 14th Sept. At a public sale on the 15th, of 10650 packages offered, nearly 9600 were disposed of, viz: 219 Sea Island at 10d. to 13½d—5362 Bowed 6d. to 7½—2890 Orleans and Mobile 6d. to 10½d—419 Tennessee 5½d. to 7½d.

Rice.—130 casks Carolina Rice have been sold at 14s. for ordinary old, and 13s. 6d. to 19s. per cwt. for fine new.

Tobacco.—The holders of Virginia stemmed Tobacco having submitted to a small depression, the manufacturers have been induced to purchase more freely, and sales have been effected at 4½d. for good ordinary, 5d. to 6½d for middling to fair, and 6d. to 6½d. per lb. for good.
